Splash

Performed by Next

Welcome to Nextacy baby  
Oh yes, I got to know  
Can I splash, splash, splash  
Baby I wanna jump and dive  
And splash in your love, yes  
Can I splash in your love baby

I used to be afraid of water till I got a lifejacket  
Now I always seem to find myself  
Laughing and splashing, oh yeah  
There's no waters that fall quite like yours  
How I love to swim your sticky shores  
Can I splash

Chorus:

Can I take a dip, can I take a dip  
Inside your love, I just wanna swim, baby let me swim  
Let me come, I just wanna splash in your lake of love  
Can I take a dip, can I take a dip  
Inside your love, I just wanna swim, baby let me swim  
Let me come, I just wanna splash in your lake of love

Can I splash

As I used to play across your chocolate beaches  
I would always vision your love canal  
Dreaming I could reach it, oh yeah, yeah  
And as I wade in your waters of passionate cream  
I realized it's not a dream  
I can finally splash, I don't have ask, no

(Chorus)

Oh, let me dive inside your love  
Can I splash inside just once  
Let me go I'll make you come  
Oh, let me spill it

S is for sexual  
P is for pleasure  
L is for love me cause baby you better  
A is for anytime  
S is for special  
H is for happiness  
Whenever we're together

I splash, well baby give me the chance  
To get in your pants  
To make sure that you feel good  
I wanna know can I feel your love?  
Splash, thinking I wanna sneak  
That I'm a sexual freak, you gotta meet  
Come and see me baby  
If you let me toss you'll get it proper I know  
When it comes to the sexual  
You know how next flow, it's like incredible  
R. L., Tweety and T-low wanna know can we  
For the moment to last, just let me splash  
Can I take a dip inside your love  
You've got to let me

(Chorus)
