TAKE IT TO THE FLOOR

Now I don't mean to brag all night
But I don't think u know what you've done this time

I put it on ya like "what's my name, what's my name"
U can't hang, believe ya can't
But ur in the right place if you came to get spanked
(U think u all)
To the track wit big chainz
(No hold'in back)
Cuz trust, we got game

I'm a "GET DOWN PRO" fessional
And if "U AIN'T KNO" ur about to know
In "1,2,3,4" moves or mo'
And get broke like u ain't never been broke before
Now lets go (lets go)
U want it (U want it)
Then ya better get ready cuz this want cha want
Get low any way you want it
We can take it "TO THE WINDOWS, TO THE WALLS"
Or better yet...

We can take it to the flo' (We can take it to the flo')
Tell me what cha wanna do wit me (Tell me what cha

Just when I go, believe I go hard (go hard)
So slow maybe all night long
I won't stop till the break of dawn, break of dawn
See my hits and all i've wore
