Well it's so good, I didn't have to make it.  
It's so good I didn't have to break it.  
Cause I'm ten years ahead, and your the echo of the  
things I say,  
yes I'm ten years ahead....

It's so hard I didn't want to guide you.  
Right from the start I only wanted to please you, didn't  
mean to kill you.  
But I'm ten years ahead, and your the echo of the  
things I say  
yes I'm ten years ahead....

Well it's no good revolving around me.  
You know you shouldn't try to stay behind me, when  
you cannot reach me.  
Cause I'm ten years ahead, and your the echo of the  
words I say,  
yes I'm ten years ahead.
