Introducing atl

Rapping:

Im the one you done heard all them rumors about,  
You vibrate like my celly how you move it around in that  
new gear

Fresh on like she on the runway let's run the same bar  
sunday to sunday,

Ya nails done and them braids all twisted if you got a  
flaw

I guess I just missed it I'm not easy to reach my digits  
unlisted come close but don't stain with your lipstick

First verse:

Been around the world seen so many girls but,  
None have moved me quite the way she does and  
I've done some things with some ghetto queens it was  
just for fun but now

I think Im in love,

I can't stop thinking bout her she everywhere that go  
and she know

I just can't live without her whoa shes taken over me  
I can't control how she turns me on so much without a  
single touch.

Chorus:

Shorty your the one, your the only girl

I need only one I want only girl meant for me,

Got me open baby girl just let me know if you wanna  
go.

Second verse:

Your a winner so you gotta be choosy cause you can't  
love everybody,

I live my life like a movie act like you know somebody,  
Gonna give you what you need babe already told you  
star of the tape

I'ts nothin else you need to know so come and get on  
board!

Let me know, cause your my favorite girl in the whole  
wide world yes your so fine
