I cant stop thinkin about what we once had together
I kno the reason is that our love was meant forever
But now my life is shared with someone other than you
But life is worthless if right beside me there is no you

Everday (yea yea yea) alone i think (i think of you) of
you your not my man (im with somebody else)
All i want (all i want yea) to kno is can i be (can i be
whoa whoa) with you tonight (because baby)

I've never stopped lovin your kissin and huggin
I still think of us when im all alone
Its hard for me to forget wishin your the one that im
with
Now im so full of regrets
What do i do when i think of you

Do you remember the day when you first said i love you
I can remember cause through me all my dreams had
come true
Now i dont kno why Im with him when love just aint true
But now i do know why im always wishing that it was
you

Everyday alone (whoo whoo whoo) i think of you (think
of you)
Your (you) not my man (im with somebody else eh)
All i want (yea) to know (oh oh) is can i be (can i be) with
you tonight
(because baby)

I've never stopped lovin your kissin and huggin (your
kissin and huggin)
I still think of us when im all alone (i still i still do)
Its hard for me to forget (hard for me) wishin your the
one (wishin your the one) that im with
Now im so full of regrets (so what do)
What do i do (what do i do) when i think of you

(Hoping Hoping Praying) you understand how i love you
(im trying trying waiting) to tell you how much i need

you
(boy i kno i kno i) never said enough i love you
(but now i kno my heart) will never love no one but you
baby.

I've never stopped lovin (I've never stopped loving)
Your kissin and huggin (your kissing and your huggin)
I still think of us when Im all alone (I still think of you)
(whoa)
It's hard for me to forget (oh whoa) wishing your the
one that im with (whoa oh oh)
Now im so full of regrets
What do i do (what do i do when) when i think of you

I've never stopped lovin (stopped lovin)
Your kissin and huggin (your kiss your hug yea)
I still think of us when im all alone (hey hey hey hey
hey)
Its hard for me to forget (oh oh oh oh oh oh oh) wishing
your the one that im with
Now im so full of regrets
What do i do (what do i do) when i think of you
