Not everybody knows just how to do it. Some just learn it
on the way. Once you get it right aint nothing to it. If you
wanna get it right you gotta learn to pace.

Bridge: Make it smooth (make it smooth) take your time
make it groove (make it groove) in out in make it last
(make it last) kiss, kiss, kiss, kiss my ahhh

Chorus: This is how it works, wrap your hands around
my
body, this is how it works, go due south and this is how
it works
melt yourself into my body this is how it works, kiss my
mouth

Some guys think they know the answers, not everybody
knows how
to make you scream. If most gys took time out their
fantasies.
Maybe we can stop our make believe.

Bridge

Chorus

Rap: Ready, set, go, you don't have to know we can
take forever
learn together any flow, touch me slowly watch it grow
kiss the tip
gently flow and be my hoe and take the show we can
watch it
in slow mo' with the sweet and low dip don't forget to
let me wet my
fingertips, write love letters back and forth across my
hips spread your
lips, count to 80, 80 ways 80 trips
one time for your mind two times if you're tense baby
let it unwind
three counts let it bounce to the mother***** ounce
here we go now

you know fourth time let it flow back around come on.

Chorus:
