I'm king, and they know it
When i snap my fingers everybody says show it
I'm hot
and your not
But if you wanna hang with me I'll give it one shot
Top that, top that
You can give all that you can, but you will never top
that!
You can dream until you're blue but you can never top
that
huh huh
I'm hot
and your not
But if you wanna hang with me I'll give it one shot
Top that, top that
You can do all that you can but you'll never top that, top
that

Supersonic, idiotic, disconnecting, not respecting, who
would really ever wanna go and top that
Such a waste of pretty face but hanging in your noone's
face
I wish that you would take a look and really stop that
Top that, stop that
I don't really give a about tryin to top that
Top that, stop that
I wish you finally take a real look and really stop that
Whats this, stop that
What gives, stop that
I don't really give a about tryin to top that
top that, big deal
top that, unreal
you can try until youre blue
i will make a fool of you
