[Intro:]

Corner Boyz

What love can do

What love can do

[1st Verse:]

I'm losing sleep over you

Look what you've done to me

Not saying you ain't the truth

This love's no fantasy

Sometimes I'm so sick of you

I need some thrapy

Just like an addict on you

Make no recovery

[B-Section]

So should I stay,should I go

Do I do,do I don't

Will I , Will i won't

Do like my my mama told me?

[Chorus:]

That's what love can do(now I know)

Everythang just ain't good for you

(Cause I'm feeling like a fool,a fool)

It's got me so confused

(Oh baby)

Maybe that's just what love can do

(Love can do,oooh) What love can do

[2nd Verse:]

See, you sweep me off of my feet

Then bring me down my knees

And then occasionally

I'm like somewhereinbetween

Everytime we get it right,we go wrong

And tell me why does every fight turn...

Ohhhhhh.....ohhhhhh....whoaaa.....

[B-Section]
