What The Dealio

Performed by Total ft. Missy "Misdemeanor" Elliott

I see somebody wrote me a letter today
Somebody likes me
I see that
That somebody likes me
But I don't believe it

Baby you're my everything
Everything I've ever dreamed
You're like a nigga in a magazine
You almost make me cream
See I can't control myself
I wanna feel myself
It's the heat running through my veins
I scream baby you're the best, you're the best

Chorus:

Oh what the dealio, can I speak to you
You give me butterflies, oh I'm so scared of you
Of what you do to me, are you too true to be
You're just a fantasy, you're not reality
Oh what the dealio, can I speak to you
You give me butterflies, oh I'm so scared of you
Of what you do to me, are you too true to be
You're just a fantasy, you're not reality

Baby you're my fantasy
You're the only one I love
I'll let you be my baby's dad
Let me come and get a hug
See here's a little kiss for you
I'll let you do what you want to
See look at what you do to me
Boy I can't get enough, get enough

(Chorus)

Baby you're the one, the one, the one, the one
Baby you're the one

Look at what you done, you done, you done, you done
Look at what you done, look at what you done to me
You've made my world shine just like, like the sun
Baby you're the one, the one, the one, the one
Baby you're the one, baby you're the one

(Chorus)

What the dealio, can I speak to you
You give me butterflies, oh I'm so scared of you
Of what you do to me, are you too true to be
You're just a fantasy, you're not reality
Tell me what the dealio, can I speak to you
You give me butterflies, oh I'm so scared of you
Of what you do to me, see you too true to be
Oh you're just a fantasy, you're not reality

Somebody, somebody likes me
Somebody, somebody likes me
Somebody, somebody likes me
Somebody likes me
