Verse 1:

It's funny when you find yourself
Looking from the outside
I'm standing here
But all I want is to be over there
Why did I let myself believe
Miracles could happen
'Cause now I have to pretend
That I don't really care

Chorus #1:

I thought you were my fairytale
My dream when I'm not sleeping
A wish upon a star that's coming true
But everybody else could tell
That I confused my feelings with truth
When there was me and you

Verse 2:

I swore I knew the melody
That I heard you singing
And when you smiled
You made me feel
Like I could sing along
But then you went and changed the words
Now my heart is empty
I'm only left with used-to-be's
And once upon a song

Chorus #2:

I know you're not a fairytale
And dreams were meant for sleeping
And wishes on a star
Just don't come truuuuuuue
'Cause now even I can tell
That I confused my feelings with the truth
Because I liked the
When there was me and you

I can't believe that I could be so blind
It's like you were floating

While I was falling
And I didn't miiiiind

Because I liked the vieeeeeeeew
Thought you felt it tooo
When there was me and you
