Where Did The Feeling Go?

Performed by Selena

Our love  
Nothing to do  
It's lonely here  
Without you  
The candlelight is burning low  
The love songs on the radio  
The memories are all I have to show

Photographs  
Tickets for two  
Promises  
That all fell through  
Now everything's in black and white  
The colors faded with the night  
The stars we used to wish upon  
Have somehow lost there light

Where is the feeling we used to know?  
Where is the music that played?  
What happened to the love that used to show?  
Where did the feeling go?

Thoughts of you  
Fill my mind  
Paperbacks  
To pass the time  
And as I lye awake tonight  
I'll leave the poach light burning bright  
And nest the loving arms  
That used to hold me tight

Where is the feeling we used to know?  
Where is the music that played?  
What happened to the love that used to show?  
Where did the feeling go?

Where is the feeling we used to know?  
Where is the music that played?

What happened to the love that used to show?  
Where did the feeling go?

What happened to the love that used to show?  
Where did the feeling go?
