Well, I feel good, yeah, I feel fine  
I stopped complaining all the time  
You'll get yours then baby and I'll get loud  
Yeah

So don't be fooled by what you see  
In the movies, magazines, and on TV  
Cause what do they know about you and me

We don't care what they say  
We'll be alright  
We'll be okaaaay

So sit up straight and stand up tall  
Ain't got to waste your time at shopping malls  
Slam the door and lets tear down the walls  
Crank it up  
Lets mess around  
Be who you are  
Cause you're a staaaaar  
You're a staaaaar  
Clean it up  
Mess around  
Tear it up  
Tear it down  
Crank it up  
Mess around  
Tear it up  
Cause your a staaaaar  
Your are a staaaaar
