Brought u inside
Made u define
Made u feel the process
Build in pain
Saw u abstain
Up to see the losses
Throw out the pigs
Start to blame
World is insane
Bastard soul's illusion
Take back time
Come n' refine
Pending raw confusion
Dead inside

Martyr of hope
Wake up Armageddon
Made to bleed
Now you can breed
Downward elevation
Throw out the pigs
Deeds in rust
Breathe their last
Now escape the under
Hit them back
Cowards will fall
Let them feel the anger
Throw out the pigs…
