Underneath the universe  
on her inner thigh,  
just underneath her skirt  
underneath the waves  
something I've said before  
underneath the streetlight hum  
that brings me home to her back door  
theres a place, we embrace  
and its calling us...

So we're dancing like this  
we dance and we kiss  
we're dancing when we make love  
underneath the streetlight hum  
we're dancing like this  
we dance and we kiss  
we're dancing when we make love  
dancing when we make love.

Just above your tallest tree  
just above the treehouse and  
the place where she kissed me  
just across the sky  
something I've said before  
in between the space you look  
inside to see that you are beautiful  
theres a place, we embrace...

So we're dancing like this  
we dance and we kiss  
we're dancing when we make love  
underneath the streetlight hum  
we're dancing like this  
we dance and we kiss  
we're dancing when we make love  
dancing when we make love...

And its calling us, and its calling us  
and its calling us, and we're calling us  
and we're calling us, and we're calling us  
and we're calling us...

So we're dancing like this  
we dance and we kiss  
we're dancing when we make love  
underneath the streetlight hum  
we're dancing like this  
we dance and we kiss  
we're dancing when we make love  
dancing when we make love...
