There ain't nothin' at all like the way I feel tonight  
The love of my lady makes it all right,  
Oh her lovelight is shinin' on in the mornin' the glow is  
understood  
Yes it's been a long time with me feelin' this good, I  
thought nobody could

Believe me, I know  
Let your love show, let yourself go, believe me

Words of the sweetest love songs are yours and mine  
to share  
The saddest of all you know, is when nobody cares,  
blind eyes that stare  
Thinkin' of love, sweet love oooh or maybe days gone  
by  
I've got my warmest dream, your star in the sky, a light  
to go by, yeah

Let your love show, let yourself go, believe me

There ain't nothin' at all like the way I feel tonight  
It's been a long time feelin' this good, for nobody could  
Let your love show, let yourself go  
Let your love show, let yourself go  
Let your love show, let yourself go, believe me
