"Pretty Goodbyes"

You don't want to hear it, but the word's in my mouth
You don't want to know it, so I'll try not to shout
But, I've been lonelier with you than I was without
Now there's nothing to say but goodbye
And you keep going crazy, you may never know why
But if you leave it to me, baby we're gonna see a pretty
goodbye
And you don't want to see it, but the moon's in your
eyes
And you don't wanna know you've been living a lie
I used to love you but, baby the good has gone by
We've been here for so long, try to make it easy
Pretty soon I'll be gone then you can open your eyes
and have a good cry
Now say goodbye ... say a pretty goodbye
You could be gone with a smile on your face
Instead of letting those good tears go to waste
It's your life, don't look back, you know nothing's been
taken
You can't close your eyes to what we lack
Everybody is mistaken sometimes
Now the hurt's in your eyes and you show it
So why stick around 'till you blow it ... say goodbye ... a
pretty goodbye
