Everytime I write myself a letter  
Somehow it always goes to you  
There must be a way to do this better  
Without giving away the ending  
Like I always do

Now I love you when you're dressed up in your whites  
and things  
But you in just your boots and dreams will do  
I like to say I believe in love (Oooh)  
I believe in you  
Oh, but just you go around the block and I'm jealous  
too (Aaah)

Well, somebody must be wrong (somebody must be  
wrong)  
It's got me worryin' all night pacin' till the dawn (oooh,  
oooh)  
Sometimes I wonder if anybody's really that strong  
Somebody must be wrong

You could walk away from me right this minute  
But you'd be back before the sun was down  
You see the rings on your fingers would be turnin' to  
dirt (Oooh)  
And the smile beginnin' to hurt  
You're gonna leave your little heart lyin' there on the  
ground (Aaah)

Now somebody must be wrong (somebody must be  
wrong)  
You get the feelin' and the words are wrong (oooh,  
oooh, oooh)  
I know what I mean to say it takes so long (say ... so  
long)  
Somebody must be wrong (somebody must be wrong)  
Somebody's wrong (somebody must be wrong)  
Somebody must be wrong (somebody must be wrong)  
Just keeps goin' on (oooh)  
Now, somebody must be wrong (somebody must be  
wrong)

You get the feelin' and the words are all wrong  
(somebody must be wrong)  
It's been keepin' me up till dawn (somebody must be  
wrong)  
Somebody must be wrong (somebody must be wrong)  
Somebody must be (somebody must be wrong)
