"Fatman"

The fatman cannot see
What's going on
For he's not me

The fatman takes away
What isn't his
He weakens you and me

Lust of your life
Money life
Your money is his life

Listen, can you hear?
Son, can you hear me?

The fatman, an unhappy man
When all his friends
Were fatmen too

The fatman takes away
What isn't his
He weakens you and me

Listen, can you hear?
Son, can you hear me?

Fatman break the rule
Fatman break the rule
