But no gangsters get lonely too  
Boy, but I'll be there for u  
I know gangsters get lonley too  
Boy, but I'll there for u (yah, Mister D, Southland)

I know it's rough, I know it's tough  
Girl I'm trying to avoid them cuffs  
I know ur last man is doin life  
And he never treated u right  
Even though u stood by his side  
A good hyna is hard to find,  
They all seem to be the same  
Evil ways and no shame  
I need a gangster girl  
In my gangster world  
Baby, I'll treat u right  
Becuz I'm tired of them lonley nights  
And it's never been cool  
But ur a real woman, and  
If u find one you'll be lucky  
Seems they always duck me

But no gangsters get lonely too  
Boy, but I'll be there for u  
I know gangsters get lonley too  
Boy, but I'll there for u

U though this gangster got lonely  
Cuz our love shit was foney  
Now u sit and u phone me  
Wondering who's that's holding me  
Told u before, I need support  
With this gangster life  
I want someone, no little girl  
What I need's a wife  
To watch my back  
When I'm out making all rap deals  
Some one to catch me when I fall  
When these homies aint real  
I know there's somethin I love  
About this life I live  
But now it's gone it left me lonley

For what ever I did

But no gangsters get lonely too  
Boy, but I'll be there for u  
I know gangsters get lonley too  
Boy, but I'll there for u

Now u know it gets lonely, here on top of the world  
I got millions of fans, but all I want is a girl  
To be there for me  
U know when times get hard  
And when things get rough  
She wouldn't be that's far  
Me and her together  
Would face and kind of weather  
Ready to ride, should be down for whatever  
God forbid, somthin happen to u  
With out chu by my side  
I wouldn't know what to do  
Good lookin girl,  
I know u got my back  
The way u carry your self,  
The way u know how to act  
It's all good even though I'm just a thug from the hood  
I said lucky for me, u fell in love with a "G"  
I can't wait to get home, hope I see u soon  
Knowin night after night, up in this hotel room  
I just sit and think, about nuthin but u  
This is A Lighter Shade Of Brown  
And gangsters get lonely too.

But no gangsters get lonely too  
Boy, but I'll be there for u  
I know gangsters get lonley too  
Boy, but I'll there for u

Baby wont u ride with me  
Slide with me, get high with me  
Side with me, all night with me  
Come ride with a "G"  
It's the brown super baller  
Got ways to make u holler  
And everythings top doller  
From the Lex to the juiced impalas  
But I need a girl, not just to have, bitch  
Some one to change up, my world  
Settle down and have kids,  
Even though my rep on the streets, is "Ima Pimp"  
I need you not to trip  
While I handle my biz  
Let me do what I do

While I hustle and grind  
Let me dip stack my chips  
And u can have the rest of my time  
Cuz the truth money don't bring happiness, forever  
That's why I need u to come and make everything  
better  
So baby get to know me, show me and hold me  
Be her for me girl, and never leave me lonely

But no gangsters get lonely too  
Boy, but I'll be there for u  
I know gangsters get lonley too  
Boy, but I'll there for u
