My words confuse you  
My eyes don't move or blink  
'Cause it's easier sometimes  
Not to be sincere  
Somehow I make you believe

Believe

When I speak I cross my fingers  
Will you know you've been deceived?  
I find a need to be the demon  
A demon cannot be hurt

Honest is easy  
Fiction's where genius lies  
'Cause it's easier sometimes  
Not to be involved  
Somehow I make you believe  
Believe

When I speak I cross my fingers  
Will you know you've been deceived?  
I find a need to be the demon  
A demon cannot be hurt
