All my people in this place
Get out of control
Coz unity and harmony is just the way to go

[CHORUS]

Everybody do what you're doing
Smile will bring a sunshine day
Everybody do what you're doing
Smile will bring a sunshine day

People of all ages no need to be shy no more
This song is outrageous
Makes you wanna jump to the core
The day is looking so fine
Desicions make you wanna smile
I don't know what to say but (ahh)
Are you feeling me, feeling me,
feeling me, feeling me,
feeling me feeling me feeling me?
Are you feeling me?
Are you feeling me, feeling me,
feeling me, feeling me,
feeling me feeling me feeling me?
Like I feel you? Ooh

[CHORUS]

Everybody do what you're doing
Smile will bring a sunshine day
Everybody do what you're doing
Smile will bring a sunshine day

Nod your head and stomp your feet (brah brah)
You got to know we're bringing the heat

Don't you know it's time to make it all clear
Today's the day where you gotta say it's real (ahh)
I gotta show ya what it means to be keen
By realising a brighter day to see
Your smile so bright makes everybody get up to do it
right
Moving around, stand up, don't hide
It makes you wanna shout

Feel the flow and let it show
Through all the joy, laughter and smile yeah

[CHORUS] x 2

Everybody do what you're doing
Smile will bring a sunshine day
Everybody do what you're doing
Smile will bring a sunshine day

I'm coming to get ya (brah brah)
We're coming to get ya (brah brah)
I'm coming to get ya (brah brah)
We're coming to get ya
Let's go, let's go

You know that you and me can break this down
together
(you need a sunshine day, we need a sunshine day)
You know I need to loosen up and smash this track up
(you need a sunshine day, we need a sunshine day)
I know, you know, me know I love the mood of sunshine
(you need a sunshine day, we need a sunshine day)
Oh, Oh, Oh

Oh, Oh, Oh
Everybody do what you're doing
Smile will bring a sunshine day
