Once you meant a lot to me, now you're just my used to
be

I've taken all I'm gonna take from you
What a fool I was to cry every time you said goodbye
I've taken all I'm gonna take from you

You go your way and I'll go mine but baby wait and see
While you sit around and pine, nothing's gonna bother
me

I've just opened up my eyes that should make you
realize
I've taken all I'm gonna take from you

Guess you never thought I'd say, ÆœRun along
you're in my way

I've taken all I'm gonna take from you
Stayed up nights and walked the floor, I'm not doing
that no more
I've taken all I'm gonna take from you

Waited by the telephone, the phone that didn't ring
Now I'd rather be alone, buzz on, beat you, lost your
sting

I don't want you anymore, when you leave don't slam
the door
I've taken all I'm gonna take from you
