I wanna kiss kiss kiss  
But you don't want to, but you don't want to  
A kiss should be such bliss  
But you don't want to but you don't want to  
My lips are just the place to place your lips upon  
Go on  
Aw c'mon, aw c'mon, aw c'mon  
I wanna hug hug hug  
But you don't want to, but you don't want to  
A hug could be oh so snug  
But you don't want to, but you don't want to  
You'll gonna change your mind some day  
But I'll be gone gone gone  
Aw c'mon, aw c'mon, aw c'mon  
But you don't want to, but you don't want to  
But you don't want to, but you don't want to  
You'll gonna change your mind some day  
But I'll be gone gone gone  
Aw c'mon, aw c'mon, aw c'mon
