Judy Holiday:

So that's what you look like

At last I know

You're better better than a dream

What you are is better far better than a dream

Well I tried to picture your face

But now I see you you're out of this world you're out of
this sphere you're out of that outer space

Better better than a dream

What is real is more ideal than a dream

To see and hear you to be so near you is better better
than a dream

Dean:

Can this be a dream

Can I still be asleep on the couch there

Can this girl be really here

She seems to know by sheer intuition how I landed in
this condition

Or does she know me the way I think the way that I
drink the fact that I slept all year

But it's not a dream 'cause look I've got some words on
the paper

Steady boy don't faint or scream

Don't ask who sent you this angel it's better better than
a dream
