Have a little sympathy
Won't you hurry home to me
Baby baby baby please come back
Put my little dream train back on the track

I haven't seen a sunny day
Since the day that you went away
Tears I cried for you would fill the deep blue sea
Have a little sympathy for me
Have a little sympathy

Have a little sympathy
Won't you hurry on home to me
Baby baby baby please come back
Put my little dream train back on the track

Well I haven't seen a sunny day
Since the day that you went away
Tears I cried for you would fill the deep blue sea
Have a little sympathy for me
Baby won't you hurry home
Dino's waiting all alone
Have a little sympathy
