Save your breath  
I see the storm comin'  
I feel the clouds closin'  
Hush your mouth. I'll find the words for you

Oh your poor heart don't feel the same  
We'll still be friends  
But I'm alone again

*[Chorus:]*

So you don't have to say  
What you're thinkin now  
Baby don't be afraid  
I'll try and make it easy for you  
I'll cry the tears a little later on  
You don't need to worry  
I know I have been replaced  
It's written all over your face

You wish you could  
Feel the way that I do  
You never meant to hurt me  
The cliché's good. There's someone out there waiting

Oh that I'll find along the way

But I thought that was you?  
Yet I'm alone again

*[Chorus:]*

So you don't have to say  
What you're thinkin' now  
Baby don't be afraid  
I'll try and make it easy for you  
I'll cry the tears a little later on  
You don't need to worry  
I know I have been replaced  
It's written all over your face

It's the hardest thing  
You've ever had to do  
You just wanna tell the truth

Well that's nice of you

*[Chorus:]*

But you don't have to say

What you're thinkin' now

Baby don't be afraid

I'll try and make it easy for you
