"Dance Dance Dance"

When I was young I was the greatest dreamer of the
city
and mama said "Control your fantasy,
don't waste your time dreaming girl
don't be a Sleeping Beauty. Well find your way
why don't you listen to me"

Dance dance dance, dance nd take a chance
eh eh eh eh ih ah ah
dance dance dance, everybody dance
eh eh ih eh eh ih
come on boys

And when it's night I need a special friend
I have the music, when I feel down
my friend is close to me
You must believe I really do my best
and try to use it
I need the sound it gives me energy
