Saturday night and time flew by  
and like everytime that I am close to you  
it's too good to be in your company  
and I feel so down when you leave me

Don't go away tonight no no  
cause baby I need you right now  
don't go away tonight no no  
don't leave me here listen to my prayer

Baby don't leave, don't slam the door  
come back to me and hold me just once more  
if you love me don't make me cry  
it's never easy to say goodbye

Don't go away tonight...

Baby baby don't leave  
cause if you leave you will make me cry  
baby baby don't leave  
you gotta love and hold me tight
