Waking up to hear you breathing  
waking up IÂ´m glad to see  
that youÂ´re really here  
and youÂ´re sleeping close to me

And I believe that maybe IÂ´m dreaming  
of one thing IÂ´m sure just one  
itÂ´s the first time IÂ´m in love and I need someone

Give me just one reason to live  
time is running out for me

Let me oh let me oh let me say I love you  
Let me oh let me let me say I need you  
we all need a reason somebody to love

And I believe in your embraces  
maybe IÂ´m right or maybe IÂ´m wrong  
to believe in that but I need it to go on

And let me come into your spaces  
into your dreams who do you see  
do you dream of someone else  
while youÂ´re sleeping close to me

And now you are my reason to live  
please forgive my jealousy

Let me oh let me oh let me say I love you  
Let me oh let me let me say I need you  
Give me time to reason one love for all seasons

Let me oh let me oh let me say I love you  
Let me oh let me let me say I need you  
we all need a reason one love for all seasons  
one love
