"Me And You"

Me and you together
I never said this stupid thing oh never
me and you it's over
the only truth I can't deny is that you were too clever

Sometimes feelings clouding your mind
this has happened to me
memories are eating inside
and I see you all around lover
me and you me and you
a walk in the night hand in hand as children do

Me and you forever
just a fool like me could want to spend our lives
together
me and you it's over
who's the winner neither one nor the other

Sometimes feelings clouding your mind
this has happened to me
memories are eating inside
and I see you all around lover
me and you me and you
a walk in the night hand in hand as children do

May I never want to bury my head in the sand
and I think it is a dying story
yes I know it friend but I can't forget him

Me and you, me and you (in the night)
a walk in the night as children might
me and you, me and you (forever)
a walk in the night hand in hand as children do
