### "The Power Of Money"

Take a walk in town  
take a look around  
it's insanity ain't baby  
greedy people painted smiles  
unhappy faces young girls leaving  
in the night  
they're going crazy

that's the power of money, mo mo money  
that's the power of money, mo mo money

Do you still have doubts  
rise above the crowds  
listen to the things they talk about  
love trust and honesty  
they're changing into hate and vanity  
I think it's crazy

that's the power of money, mo mo money  
that's the power of money, mo mo money
