This jokes getting old  
And I never heard anybody laughing but yourself  
I don't know what it is you have  
That I just don't seem to possess  
But I can tell you I don't want  
One god damn piece of it

You're bringing us all down  
Can't you see we are all one and the same?  
You're bringing us all down  
And there's nothing left for you to say to me

Is it so hard to picture us seeing eye to eye?

Maybe one day it won't make a difference

You may be looking down at me  
But I'm not looking up at you  
I'm looking straight through you  
And past all of this

You're bringing us all down  
And I'm tired of being caught up in this game  
You're bringing us all down  
And there's nothing left for me to say to you

You're bringing yourself down  
(Bringing yourself down)  
Your bringing us all down  
You're bringing yourself down  
(Bringing us all down)  
Bringing us all down
