How is it possible,
To ever loose a soul ?
These times were wonderful,
But if you're not here my dear,
You stay my favorite asshole yeah.

Imma be, Imma ba, Imma be listening,
But this time I'll be around, this time,
This time imma be, I'll be around.
You and me'll never be separated baby.
Stay fine by my side (my side), I want you, want you by
my side.

Save the scissors from our skin,
To put up memories with a pin.
You won't believe how down on the ground, we've
been.
We throw a little pebble to the feeble guilties,
Singing « we are the saints ».
We danced, danced on god's fire
This was the last time, I swear the last time.

Imma be, Imma ba, Imma be listening,
But this time I'll be around, this time,
This time imma be, I'll be around.
You and me'll never be separated baby.
Stay fine by my side (my side), I want you, want you

Imma be, Imma ba, Imma be listening,
But this time I'll be around, this time,
This time imma be, I'll be around.
You and me'll never be separated baby.
Stay fine by my side (my side), I want you, want you.
