(HEY! ) this (TODAY! ) is like suicide,  
I'll live in the wide.  
(MY TIE! ) is a slipknot I'll die anyway.  
(RUN! ) fast (NOW! ) now, over the lie, agree or die.  
(THIS ENDS TODAY! )  
I'm gonna burn this all away.

I feel so queasy, It's breathtaking me  
How could this be?  
Mischief is oozing from this city  
It won't take the best slice out of me.

I'll burn it all with kerosene  
I dropped down a match,  
At least serene, stared at the scene.  
Walls are hot as hell  
I got skies on fire (AND TALES TO TELL! ).

I feel so queasy, It's breathtaking me  
How could this be?  
Mischief is oozing from this city  
It won't take the best slice out of me.

(MELT, MELT, MELT, MELTING, )  
(MELT, MELTING HEAT! )
