ALWAYS TOGETHER

(Peter DeAngelis)

℗ & © '64 Remick Music

Always together until forever living with dreams that we
shared

Two hearts together until forever showing the world
that we cared

You won't be lonely I'll love you only I'll live my life just
for you

Always together until forever our love will always be
true

(Always together until forever) living with dreams that
we shared

(Two hearts together until forever) showing the world
that we cared

You won't be lonely I'll love you only I'll live my life just
for you

Always together until forever our love will always be
true

(Always together until forever we'll be true)
