The warmth, the grace, that special face

It's so easy to explain  
Why the rainbows follow rain  
But please tell me why

(It's so easy to explain  
Why rainbows follow rain)  
But please tell me why  
(Why do rainbows still appear  
Everytime that she is near)  
Or merely passing by

I bless the day she came my way  
Amor mio  
The day divine that made my lover mine

Amor mio  
Amor mio
