As you are my love
As you are my love
Say you'll always be
Though the years go by
My heart will ever sigh
You're the love for me

Dearest always be as you are to me
You're my guiding star
What you are to me my love you'll ever be
Though you're near or far
It's so clear to me
Why you're so dear to me
As you are as you are
What you are to me my love you'll ever be
Though you're near or far
It's so clear to me
Why you're so dear to me
As you are
As you are
