(Buttercup Buttercup Buttercup I love you)

Buttercup a golden hair
I'm feeling blue
Buttercup don't you know
I got to follow where you go
Buttercup I need you so
I love you

Buttercup a golden hair
My love is true
Buttercup can't you see
You mean the world to me
Buttercup a golly gee
I love you

Every night I dream and dream and dream and dream
about you
Even when I sleep I cannot do without you
Oh tell me Buttercup a golden hair
What shall I do
Buttercup I know I'll die
If you should ever say goodbye
Buttercup oh my oh my do I love you
(Buttercup oh my oh my do I love you)
Buttercup oh my oh my do I love you
