Everybody loves somebody sometime
Everybody falls in love somehow
Something in your kiss just told me
My sometime is now

Everybody finds somebody someplace
There's no telling where love may appear
Something in my heart keeps saying
My someplace is here

If I had it in my power
I'd arrange for every girl to have your charms
Then every minute, every hour
Every boy would find what I found in your arms

Everybody loves somebody sometime
And although my dreams were overdue
Your love made it all worth waiting
For someone like you

If I had it in my power
I'd arrange for every girl to have your charms
Then every minute, every hour
Every boy would find what I found in your arms

Everybody loves somebody sometime
And although my dreams were overdue
Your love made it all worth waiting
For someone like you

Everybody loves somebody sometime
