"Every Street's A Boulevard (In Old New York)"

Visit "[Every Street's A Boulevard \(In Old New York\)](#)" on MotoLyrics.com

I tell you every street's a boulevard in Old New York
Every street's a highway of your dreams
It's a thrill to shop on 34th Street
Or down in Union Square we like the people you meet
On Mulberry Street, have you ever been there

Every street's a boulevard in Old New York
So keep smiling and you'll never wear a frown
Just remember there's an East Side
And the West Side and Uptown and Down
That's why we're proud to be a part of New York Town

34th Street
Union Square
Mulberry Street
Have you ever been there

Every street's a boulevard in Old New York
Streets are paved with happiness in Old New York
We're glad that we're a part of it, we're happy that we
came
Each sidewalk is a concrete path to fame

Just remember there's an East Side
And the West Side and Uptown and Down
In this great big metropolis known as New York Town
