I never had a chance
I thought you cared for me
But now I see I never had a chance
I never had a chance
Though you never told me so somehow I know
I never had a chance

I knew we would have to part
For I could always reach your lips
But I could never reach your heart
My dreams about romance
Ended in a friendly chat but more than that
I never had a chance

My dreams about romance
Ended in a friendly chat but more than that
I never had a chance
