(Fred Carter)

I didn't plan to fall in love with you it just happened that way
And all the time inside my heart I knew that I'd regret it some day
Now I can't stand to be away from you but I'm alone every day
I didn't plan to fall in love with you it just happened that way.

I saw you and I loved you why I'll never know
There wasn't one chance in a million that our love would grow
You were too far above me any fool could plainly see
But like driftwood on the river I floated on helplessly.

I didn't plan to fall in love with you it just happened that way
And all the time inside my heart I knew that I'd regret it some day
Now I can't stand to be away from you but I'm alone every day
I didn't plan to fall in love with you it just happened that way...
