I can't show my face can't go anyplace
People stop and stare it's so hard to bear
Everybody knows you left me it's the talk of the town

Every time we meet my heart skips a beat
We don't stop to speak though it's just a week
Everybody knows you left me it's the talk of the town

We send our invitations to friends and relations announcing our wedding day
Friends and relations gave congratulations how can you face them what can you say

Let's make up sweetheart we can't stay apart
Don't let foolish pride keep you from my side
How can love like ours be ended it's the talk of the town
