(Kris Kristofferson)

I come from just the other side of nowhere to this big  
time lonesome town  
They got a lotta ice and snow here half as cold as all  
the people I found  
Every way I've tried to go here seems to bring me down  
Seen about enough to know where I belong.

I've got a mind to see the headlight  
Shining on that old white line between my heart and  
home  
Sick of spendin' Sundays wishing they were Mondays  
sittin' in a park alone  
So give my best to anyone who's left who ever done me  
any lovin' way but wrong  
Tell 'em that the pride of just the other side of nowhere  
going home.

Taking nothing but to show there for these dues that  
I've paid  
But the soul I almost sold here and the body I've been  
given away  
Fadin' from the neon night time glow here headin' for  
the light of day  
Just the other side of nowhere going home.

Just the other side of nowhere going home...
