Little lovely one, little lovely one, little lovely one

Little lovely one, won't you tell me I'm the one  
Won't you tell me I'm the one for you  
Don't you realize you got me hypnotized  
And everybody knows it but you

When you're walking down the street, a-scuffling your  
feet  
(Little lovely one, little lovely one)  
Don't you know you look so fine  
You're such a living dream like peaches and cream  
(Little lovely one, little lovely one)  
I can't get you off of my mind

Little lovely one, won't you tell me I'm the one  
Tell me I'm the one for sure  
You don't answer your phone  
I'm gonna follow you home  
Be a knock on your door

When you're walking down the street, a-scuffling your  
feet  
(Little lovely one, little lovely one)  
Don't you know you look so fine  
You're such a living dream like peaches and cream  
(Little lovely one, little lovely one)  
I can't get you off of my mind

Little lovely one, won't you tell me I'm the one  
Won't you tell me I'm the one for you  
If you don't answer your phone  
I'm gonna follow you home

There's gonna be a knock at your door  
There's gonna be a knock at your door  
There's gonna be a knock at your door
