

## Dean Martin "Love Me, Love Me"

Visit "[Love Me, Love Me](#)" on [MotoLyrics.com](#)

Love me, love me  
Love me with all your heart  
Kiss me dear while I hold you tight  
Make this evening a magic night  
Love me, love me

Promise me we'll never part  
You can make all my dreams come true  
If you'll love me as I love you

Darling I love you, I love you  
More than you ever could know  
Daytimes I spent dreaming of you  
Nights telling you so  
Yours is the softness of spring to me  
Your is the beauty of fall  
Heaven is mine when you cling to me  
You I adore overall  
(Love me. love me)  
( Love me with all your heart) Kiss me dear while I hold  
you tight  
I'll make this evening a magic night  
(Love me, love me)  
(Promise we'll never part)  
You can make all my dreams come true  
If you'll love me as I love you  
If you'll love me as I love you  
If you'll love me as I love you
