Money is a problem, is a problem  
A problem on the rich can comprehend  
If money is a problem is a problem  
I wish I had a couple of problems to spend

If I just had a little bit of time to spare  
I could form a society for the protection  
Of the poor unhappy millionaires

(Money is a problem, is a problem)  
A Texan begins to learn it when he's two  
(Money gets you in a spot just once you start without)  
(And you cannot buy another person's heart with it)

So how come them that has it hates to part with it  
Money is a problem  
(Is a problem)  
But say the word and I'll gladly trade problems with you  
(You would)  
Like that

If I were a millionaire  
(If you were a millionaire)  
I'd buy me a couple of yachts real quick  
And keep one as a spare  
If I had a lot of loot  
(If you had a lot of loot)

I'd find me a tailor to whip me up a platinum pin-striped  
suit  
He who steals my purse steals trash the wise men say  
But that's 'cause wise men ain't got nothing anyway

(Money is a problem)  
(A problem that only wealthy folks pursue)  
(We know from where you stand a million bucks is fine)  
(But too much gold can burn you just like too much sun)  
I don't want to be a millionaire  
I just want to live like one

Money is a problem, is a problem  
And any millionaire will tell you it's true

Boo hoo  
And any millionaire will tell you it's true
