(Off again on again off again on again)  
Off again on again it's here and then it's gone again  
Oh this is some romance  
In again out again it's with and then without again  
Let's give it half a chance  
It's cold and then hot again you're mine and then  
you're not again  
You're always playing peek-a-boo  
I'm in a stew about blue about what am I going to do  
about  
Off again on again you

(Off again on again it's here and then it's gone again)  
(Oh this is some romance)  
(In again out again it's with and then without again)  
(Let's give it half a chance)  
It's cold and then hot again you're mine and then  
you're not again  
You're always playing peek-a-boo (peek-a-boo)  
I'm in a stew about blue about what am I going to do  
about  
Off again on again you  
(Off again on again you)  
Off again on again you
