Pardon

I beg your pardon, my dear  
Say you forgive me and please  
Take me back in your heart

Pardon

Forgive my foolishness dear  
Here in my arms you belong  
For I was wrong right from the start

My own

You are the love of my life  
What can I say, dear to prove  
How much you mean to me

Amore

My love as long as I live  
My heart is yours to behold  
If you'll only forgive

My own

You are the love of my life  
What can I say dear to prove  
How much you mean to me

Amore

My love as long as I live  
My heart is yours to behold  
If you'll only forgive
