Rainbows are gettin' back in style  
There's sunshine everywhere  
And I'm learning how to smile

The only time it rains, is to cool things for a while  
But since I met you, I can't forget you  
The rainbows are back in style

There's not a thing in the world that I'd rather do  
Than just sit and stare at your face  
You're so doggone pretty  
That you made the world a whole lot happier place

Life's worth livin' and the love that you're givin'  
Has made me feel this way  
And the rainbows have chased the clouds away

Rainbows are gettin' back in style  
There's sunshine everywhere  
And I'm learning how to smile

The only time it rains, is to cool things for a while  
But since I met you, I can't forget you  
The rainbows are back in style

Your name is like music  
And I can't help singin' it over and over again  
This happy feeling has got me thinkin' it's heaven I am  
livin' in

The love we share, puts the magic in the air  
And every dream comes true  
And the rainbows turn the sky to blue

Rainbows are gettin' back in style  
There's sunshine everywhere  
And I'm learning how to smile

The only time it rains is to cool things for a while  
But since I met you, I can't forget you  
The rainbows are back in style

But since I met you, I can't forget you  
The rainbows are back in style
